**SOUTH POINT**<sup>®</sup>

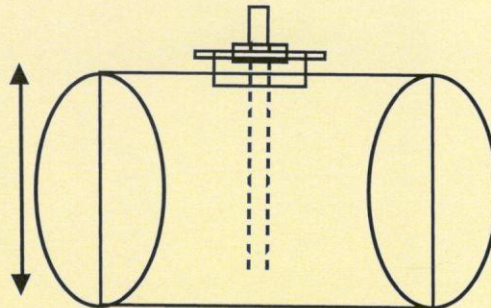

# DIP-ROD

Indigenously Made • Global Standard

backed up by

**50 years of Engineering Excellence**

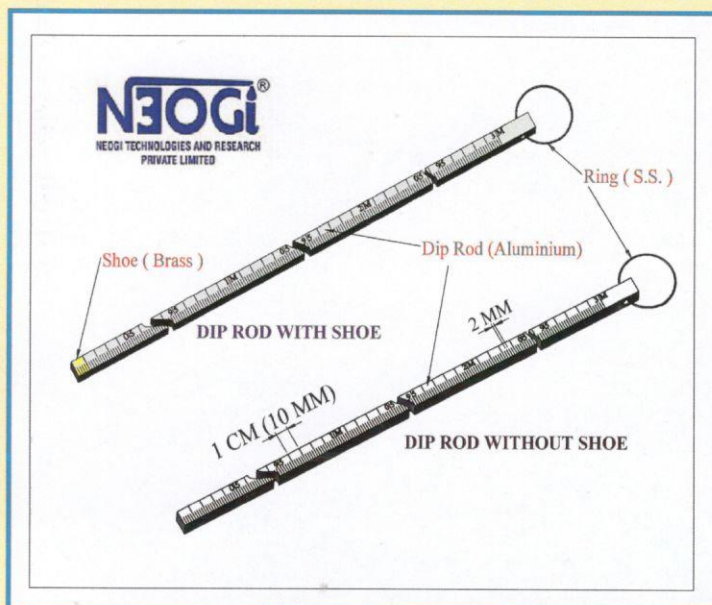

"Neogi" make "Southpoint" branded Aluminum Dip-Rods are used in the process of Fuel Measurement. Dip-Rods are manufactured from the standard Aluminum square Bars.

## Specifications

- **Material :**  
Standard Aluminum Bar of 12.7mm. square
- **Lengths :**  
1 M to 4.5M.
- **Measurements :**  
Graduated in 2mm
- **Usage :**  
For Measuring Fuel / non-corrosive liquid (other than water)
- **Customisable :**

- A. Dip Rod plain and with Brass shoe
- B. Dip Rods, Certified / Calibrated by the NABL Accredited Laboratory under Ministry of MSME ; Government of India, are also available on demand.
- C. Colored Dip Rod also available on Demand

# ACCESSORIES

Retail Outlets - Petrol Dispensing Pumps, Underground Pipe Line, Tank Fittings & Valves

Angular Check Valve

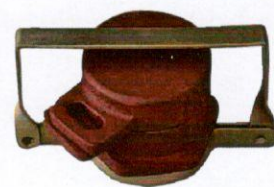

Horizontal Check Valve

Camlock Coupling  
(Male & Female)

Fill Cap Assy

Fill Cap Assy with  
locking arrangement

Dip Cap Assy 2" Floating  
Type with locking arrangement

Floating Type Dip Cap (Alu)

Dip Cap CI body Alu Cap

Dip Cap Assy 2"/1.5 "

Dip Cap Assy Brass with  
locking arrangement

Vent Cap Assy

PV Valve

Union

Elbow

Socket

Reducing Bushing

Silica Gel Trap

Shear Valve

Nozzle (Manual)

Auto Cut off Nozzle

Swivel Joint 50 & 40 mm

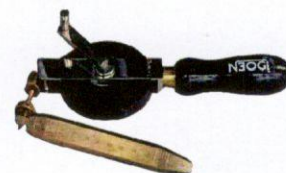

Hose Coupling 50 & 40 mm

Hose Pipe

Capacity Measure

Dip Tape
